

Resolution submitted by:  
KFA Executive Board

This resolution was a result of the executive board meeting June 5, 2005  
Lexington Kentucky.

WHEARAS: The Kentucky Firefighters Association recognizes the majority of property in the Commonwealth is protected by small volunteer fire departments.

And WHEARAS it is becoming more and more difficult to find dedicated people to become firefighters.

And WHEARAS without an influx of people the potential for dwindling department rolls and vast areas of the Commonwealth without fire department coverage is increasing.

And WHEARAS in other states a Length of Service Award Program (LOSAP) as a volunteer incentive has proven to help reduce the short fall of volunteers.

THEREFORE BE IT RESOLVED that the Kentucky Firefighters Association support some form of LOSAP program run out state government for the benefit of volunteer firefighters in the Commonwealth.
