SMOKE SIGNALS II

September 2022 Volume 27.5

2022 KFA Conference in the books in Corbin!!

CORBIN, KY - Past KFA President Eric Philpot and his conference committee put on a fantastic conference this year. Attendees had the opportunity to visit historic downtown Corbin, play golf, tour a fire apparatus construction facility, and listen to live music while hanging out with friends.

There was a great turnout for the annual business meeting that took place at the Corbin Center. The Corbin Arena is a beautiful facility which played host to the KFA Memorial Service and the President's / Hall of Fame Inductee Banquet.

Visit the KFA Facebook page and or the KFA Website to see photos from the 2022 Conference.

BELOW: *Kentucky State Fair was a success thanks to many people including our Executive Board members.*

President Rick Bobo

CORBIN, KY - 2023 KFA President Rick Bobo takes the stage after the transfer of power from Past President Eric Philpot. President Bobo stated he is looking forward to another year of the KFA continuing to fight for all Kentucky Firefighters.

The 2023 Kentucky Firefighters Conference will be held in Louisville at the Holiday Inn Hurstbourne Hotel. The website is up and running and registration for the conference and hotel are now open. Plan on dinner on the Belle of Louisville and a Gilligan's Island Pool Party. Visit: https://kfa2023.com/

President Rick Bobo

"Who is this guy?"

I would like to take this opportunity to introduce myself. I know many of the firefighters across the commonwealth but haven't had the pleasure of meeting them all. Since I am new in the role of KFA President, I thought it only fair that I let everyone know who I am and give a little glimpse of my background.

I was raised in the south end of Louisville, within a couple of blocks from Churchill Downs. I graduated from Iroquois High School in 1972. I went back to college as an adult in the early "80s" to pursue a degree in computer science. Then life and kids came along, and I couldn't finish my degree. **God had a different plan!**

I have been married to Bonita for 39 years this October. We have three children (Lance, Sarah, and Jessica) and eight wonderful grandchildren.

For more than 30 years, my professional career was in the printing industry. I started as a pre-press image technician and ended my printing career as a plant manager.

Due to many technological advances including the invention of laser printers, the printing industry was becoming obsolete with many businesses forced to close their doors. With that change, I was able to move into a role that was more aligned with my love of the fire service.

I began working with Kentucky Division of Emergency Management (KYEM) as a State Duty Officer. I quickly moved to State Haz-Mat Coordinator for two years and then finished my time as a KYEM Regional Manager for Louisville/ Jefferson County and the surrounding 11 counties. I retired from the private sector in July of 2019 so I could focus on family, my local association Bluegrass Emergency Services Association (BESA) and my commitment to the Kentucky Firefighter's Association Executive Board.

Now on to my real passion (other than my family)! I began my volunteer career in 1992 with the Shelby County Suburban Fire District (SCFD). I started at the firefighter level and due to my computer skills, began assisting the chief with administrative issues. I worked my way through the ranks first as sergeant / engineer, then advancing to the rank of captain and safety officer. When I turned 65, I moved to the position of support firefighter and continue to serve in that role as well as the Crusade for Children Coordinator for the department.

I am an active member of my local association, BESA. I served in the role as President and Director for our association. I also served as a delegate for SCFD at the KFA Business Meetings. This led to my interest in serving on the KFA Executive Board (E-Board).

This is a quick look at my personal life, my professional career, and my experience in fire and emergency services. I hope this snapshot helps you trust me with the reigns of the KFA for the next year.

My goal as president is to execute the mission statement of the Kentucky Firefighter's Association and be fully transparent! My E-Board and committees will be working to continually pursue the safety and well-being of the fire service personnel in Kentucky.

If you have any questions or concerns regarding the KFA, please feel free to drop me a line at the following email address rick.bobo@kyfa.org

Sincerely,

Rick Bobo
KFA President

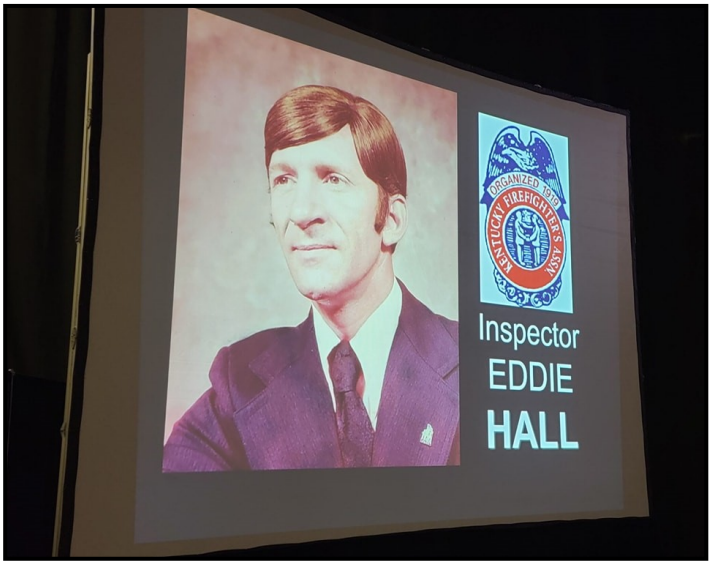
2022 - KFA Hall of Fame Inductees



2022 Hall of Fame recipient Eddie Hall's son accepted his fathers award at the banquet due to his father not being able to attend. Unfortunately, just a few short weeks later Mr. Eddie Hall passed away August 22, 2022 in Florida where he lived.

We are happy knowing Eddie was able to receive his award prior to his passing. Mr. Hall served as KFA President in 1975 and hosted the 1976 KFA Conference in Ashland, Kentucky.

Presenting the award for Eddie was his good friend Gerald Clarke and KFA Treasurer Duane Suttles. Accepting the award for Eddie is his son Steve Hall along with current Ashland Fire Chief Greg Ray and Assistant Chief Steve Alley. Please keep the Hall family in your prayers.

2022 Hall of Fame recipient Greg Schultz passed away in April 2022 after a sudden illness. Greg was known for his kindness and work in the fire service.

When Greg retired from the Fort Thomas Fire Department in 2014, he briefly stepped away before finding a new calling to help the fire service. Greg grew a new passion, recruiting a new generation of firefighters.

Through his endeavors, countless numbers of young men and women were recruited into the fire/ems professional where many remain today. Presenting the award for Greg was Chief Jeff Pohlman of the Alexandria Fire Department. Accepting the award is Greg's Wife of 45 years, Connie and their son, Michael. Please keep Greg's family in your prayers.

Kentucky State Fair 2022

The Kentucky Fire Service was represented very well at the state fair. We want to thank Retired Fire Chief Dave Goldsmith for allowing the KFA and Kentucky Fire Commission to display his newly refurbished 1950 Ford Fire Chiefs vehicle during the Fair. It was a huge hit and attraction for people of all ages!!

CPAT Testing Schedule

If you are interested in testing please contact
Rick Larkins, CPAT Director
email: rick.larkins@kctcs.edu
We have two fixed testing sites one in Louisville, KY and the other in Winchester KY.

CPAT Testing Schedule

If you have questions about the testing process, please contact Rick Larkins. Currently candidates are required to pre-register to participate in each testing session. We have three fixed testing sites: Burlington, Louisville and Paris.

You must contact Rick Larkins at 859-753-7282 to reserve a time slot - **no walk-ins allowed.**

2022 - CPAT Schedule

ONE-DAY ORIENTATION AND TEST

10 candidates per time slot

Louisville, KY– September 13-14

8 am | 10 am | 1 pm | 3pm | 5 pm | 10 candidates per time slot

Paris, KY– October 4-5

8 am | 10 am | 1 pm | 3pm | 5 pm | 10 candidates per time slot

Burlington, KY– November 8-9

8 am | 10 am | 1 pm | 3pm | 5 pm | 10 candidates per time slot

Louisville, KY– December 6-7

8 am | 10 am | 1 pm | 3pm | 5 pm | 10 candidates per time slot

Educational Opportunities

2022 IFSAC SKILLS TESTING SCHEDULE

Date	Area	Location	Phone
Nov. - 5/6	14	Somerset	606-676-2711

Beginning July 1, 2021, the Accredited Certification office will be offering written testing on Tuesday and Thursday each week. Please contact the Accredited Certification office to schedule your appointment. Online scheduling will be available soon.

Testing within the Kentucky Accredited Certification Program

All Kentucky firefighter certifications that carry IFSAC accredited credentials, require the candidate to complete both a written examination and a skill competency evaluation. The written portion of the process is usually arranged by the lead instructor of class-based certification, such as Level 1 Fire Instructor. Written exams are also available through the offices of State Fire Rescue Training, by contacting the Area Coordinator of the office nearest you. You can locate that information on our website www.kyfa.org

Additionally, you may check with your area offices for monthly test dates for written exams. Written exams require 70% to achieve a passing grade. Exams are mostly multiple choice questions, with a few True/False and Matching questions.

Skills testing for FF 1 and 2 is a random sampling of all possible skills in each certification level. There are multiple skill possibilities at each station, however the candidate will only be required to perform 1 skill at each station. 2015 policy changes in the Kentucky process require **ten (10) skill stations** to be completed by the candidate for FF1 with 100% competency. FF2 testing will consist of **six (6) skill stations** with a required 100% competency. Hazardous Materials Operations PPE and Product Control (NFPA 472:2013 Chapters 5, 6.2 and 6.6) are required pre-requisites for firefighter certification. **Four (4) Haz Mat skill stations** will be offered on the same test day as FF2 for the benefit of those needing the required certification.

Candidates are now required to test FF2 skills with Haz Mat. Candidates needing ONLY Haz Mat Operations must test following an organized course of the subject matter OR a scheduled skills test session that consists of ALL Haz Mat Operations (NFPA 472:2013 Chap 5) Ops Product Control (NFPA 472:2013 Chap 6.6)and Haz Mat PPE (NFPA 472:2013 Chap 6.2)

Testing requires the use of PPE, therefore candidates for testing are required to bring full PPE and SCBA. Each test day will expose the candidate to potential IDLH atmospheres with live-fire scenarios, therefore all candidates MUST be clean shaven to the point that facial hair does NOT come between the face piece seal and the face.

Candidates may no longer bring a copy of Kentucky FF1, FF2 and Haz Mat Operations skill sheets and/or a copy of the IFSTA Essentials of Firefighting to the testing site. Testing DOES NOT break for lunch, light snacks will be made available.

Due to current NFPA requirements for certification, candidates shall show competency in medical training. Candidates shall bring a copy of a current CPR-Pro card and current first aid, first responder, EMT or Paramedic certification. Failure to show proof of medical training does not prohibit the candidate from testing, just certifying.

Visit Kentucky Accredited Firefighter Program:

New Truck Arrival

OWNESBORO, KY - The Daviess County FD recently took delivery of 2 new engines built by Spartan and sold by Johnson EVS, at a cost of $527,000 each. These new apparatus have a 1,250 GPM pump and 1,000 gallons of water. They are custom built for rescue and cabinets for medical equipment. The 2 engines these replace will be refurbished and distributed to 2 of the volunteer departments in the county.

The Daviess County FD is a career department with 29 members and works jointly with the 10 volunteer departments outside the Owensboro city limits, protecting a population of over 40,000 and 450 square miles. DCFD responds with ALS non-transport personnel, providing much needed advanced life support to the residents. They also provide year-round service to the Owensboro-Daviess County Airport.
