## 2016 KFA Conference

**NORTHERN KY** - It will be here before you know it and if you haven't registered yet you will be missing out. I'm talking about this year's KFA Conference in Northern Kentucky.

This should be one for the books with excellent speakers such as Editor-In-Chief Tim Sendelbach of Firehouse Magazine and Michele Gay presenting "Safe & Sound", a Sandy Hook Initiative.

There will be plenty of other events and activities throughout the conference. For more information and to register simply go to the website: [www.kfa2016.com](http://www.kfa2016.com)

**BELOW:** Firefighters getting hand's on training at the Lexington Fire Department Training Center during State Fire School.

**ABOVE:** State Fire School Opening Ceremonies from left to right Executive Director of KOHS John Holiday, Lexington Fire Chief Kristin Chilton, KY LT. Governor Jenean Hampton, Fire Commission Executive Director Ronnie Day, and KFA President Jeff Pohlman

## From President Jeffrey Pohlman

Greetings from Northern Kentucky! Hope all is well and everyone is enjoying the summer.

State Fire School has just completed and again we had another successful year. Approximately 750 students attended fire school this year and from what I observed all of the classes seemed very busy and all were training hard. I hope all that attended learned a lot and will take what they learned back to their respective departments to teach others.

I, as always enjoyed the school and it was a pleasure meeting new acquaintances and seeing a few old friends. In July the committee will start working on next year's school. If you have any comments or suggestions on fire school, please email me and I will forward to the committee. This is YOUR fire school and we want to continue to have quality training and activities.

The KFA Executive Board meeting went well on Saturday and Steve Rath was sworn in as Secretary until the conference. Steve worked closely with Monica through her years as Secretary and should have little problems performing these duties.

I want to thank our NKFA Secretary Katie Bryant for filling in for Monica these past months, it was much appreciated. Katie worked very close with Monica while she was going through her illness and worked diligently for the KFA getting the agenda and minutes typed up for the meetings. Katie is still going to assist Steve and I in preparing for the conference.

Speaking of the conference, we (NKFA) are ready to go. We know you will have a very enjoyable time with us here in Northern Kentucky and we hope you come and spend some time with us. The classes on Saturday will be very informative with two great speakers.

Unfortunately with the lack of teams signing up, there will be no Olympic competition this year on Saturday evening. Sunday morning will have the church service, fire commission meeting, the

memorial service and then golf in the afternoon. There will be ladies activities both Sunday and Monday afternoons. Due to the quite busy schedule on Sunday, there will be no activities scheduled Sunday night. So that gives you some time on Saturday and Sunday evening to board the shuttle trolley(s) and enjoy the many activities in Covington, Newport and Cincinnati's Riverfront. If you are not up for the many areas of excitement, stroll on over a couple of blocks to the Covington historical riverfront and have a seat to enjoy the beautiful Cincinnati skyline and Ohio River.

Monday morning will be the opening session with guest speakers. We also plan to have a small presentation from one of the areas I have been working with, Kentucky Task Force 1 on why we started and where we are at today with this endeavor. We are always looking for a few good people/departments to join our team. Tuesday will be a continuation of the meetings and Tuesday night will be the Hall of Fame and President's Banquet. Please go to [kfa2016.com](http://kfa2016.com) for more information and links.

As I enter my final month as President, I continue my busy schedule. On May 4, 5 and 6<sup>th</sup>, the Kentucky Fire contingent traveled to Washington DC to visit our Kentucky Legislators. Although the Legislators were on break, we did meet with the staffers to discuss our needs for the Kentucky Fire Service. It is very imperative that the FEMA grants remain fully funded and PSOB benefits are paid in a timely manner.

As I close this article, I want to congratulate Independence Fire District Chief Rick Messingschlager and Ft. Thomas Fire Department Lieutenant Steve Rath on their retirements on August 1<sup>st</sup>. Chief Rick was very instrumental in some legislative issues pertaining to Chapter 75 Fire Districts, it's been a pleasure working with him on the Chapter 75 committee. Steve will remain as an Assistant Chief with the Southgate Fire Department. Congrats to both and I know you both will stay involved with the fire service some way.

Thanks to all Kentucky Firefighters for your hard work and dedication and please have a safe and great summer! Looking forward to seeing you all at the KFA 2016 conference in Northern Kentucky!

*Jeffery H. Pohlman*  
KFA President

## From 1st Vice President Billy Selvage

As summer is in full swing so is the heat and humidity for our firefighters. Remember to prepare and plan ahead for proper rehab for your firefighters during these summer months.

For those that attended state fire school I hope you had a great time along with an exciting learning experience. If you couldn't attend state fire school there are several opportunities coming up this summer and fall. Hazard Fire School will be held in August and Pike County Fire School in September along with several other fire schools this fall.

I'm looking forward to a fantastic KFA Conference in Northern Kentucky and encourage anyone that's never been to try and attend. President Pohlman and the Northern Kentucky Firefighters Association have been working diligently in planning and preparing for this years conference.

In preparing to accept the torch from President Pohlman, I'm often amazed how much hard work and dedication has come before me from each president. I look forward to the opportunity to continue that legacy with the help of many dedicated individuals from around the state. I would also like to thank President Pohlman for his hard work and congratulate him on a successful term.

Finally, if you know of any departments that are not members of the KFA, encourage them to join. As I've said in the past, the benefits outweigh the cost of membership. Lets continue to work together and grow the KFA. Thank you all for your dedication and service to the KFA and your respected fire departments.

Stay Safe and have a wonderful summer.

*Billy Selvage*

1st Vice President

## From 2nd Vice President Pat Walsh

Greetings from Louisville / Jefferson County! I hope that everyone enjoyed another very successful State Fire School in Lexington. School is out and Summer is upon us, so please be careful when working in the heat! Making sure that you stay hydrated at all times can help save your life when you are called to duty in the extreme heat.

The WHAS Crusade for Children just wrapped up another successful year. Over \$5.4 Million was raised this year, more than 60% of that from Fire Departments in Kentucky and Southern Indiana! 100% of the money raised stays in the community from which it was collected and goes directly to the agencies in the form of grants. This is what makes the Crusade for Children so unique.

Firefighters in our community are what make this effort such a tremendous success. The challenge was issued by Pleasure Ridge Fire Department over 50 years ago for other departments to raise money for the Crusade. Since that challenge, hundreds of departments have heeded the challenge and have made this America's most successful local telethon! We appreciate the continued support year after year to this very worthy cause!

Finally, I would like to let you know that all of your KFA leadership team continues to work very hard on the behalf of ALL firefighters in Kentucky. We hope to see you at our annual KFA Conference that will be hosted by Northern Kentucky this year. We wish President Pohlman much success and are looking forward to an exciting conference.

*Pat Walsh*

2nd Vice President

## From KFA Secretary Steve Rath

Greetings, I hope everyone is doing well. I know many of you know me, if you don't my name is Steve Rath (yes, Monica's husband or better known as the First Dude) I have been appointed Secretary of this great association. I would like to thank the E-board for having the confidence in me to fill some very big shoes.

I would like to thank Katie Bryant for filling in for Monica these past few months. I have been by Monica's side since she took office and traveled everywhere she did and have seen how much work that goes into being an Officer of this Association.

Several things I did not know about MO was how organized she was. It's amazing, Jeff called me one day and asked me several questions and I looked in the KFA binder she had and the answers were right there on the first page. She has the whole year mapped out, what and when it needs to happen.

Second, is how many people love and respect her. Being her husband I know she is quite a person but I am still in awe of the extent she has touched peoples lives. I would like to personally thank everyone for all the Love and support everyone has shown myself, Andrew (KFA Man) and our family during these last months. God Bless all you.

Now for the business. The 2016 conference is right around the corner. Dues and Delegate forms have been sent out. Please return as soon as possible so your delegates can be seated. Also, I need the letters from the regional associations who your Director is and that they are in good standing. This information needs to be sent to me by July 8, 2016. Please send to: Alexandria Fire Department 7951 Alexandria Pike Alexandria, KY 41001

See you all in August  
Steve Rath secretary@kyfa.org  
859 393-5810

### **NOMINATE YOUR FIRE CHIEF for the KAFC CHIEF OF THE YEAR!**

The Kentucky Association of Fire Chiefs (KAFC) is proud to announce its annual Fire Chief of the Year awards that will be presented on August 20, 2016 at the Annual Leadership Conference. We will be honoring both a Volunteer and Career Fire Chief from the Commonwealth of Kentucky.

Individuals who are eligible for nomination and selection as Fire Chief of the Year are limited to active chiefs of departments. Selection criteria will emphasize leadership, innovation, professional development, integrity, service to the public and contributions to the fire service as a whole. All of a nominee's fire service activities and accomplishments will be considered, but, because this is the Fire Chief of the Year award, special emphasis will be placed on the period from July 2015 through July 2016.

Winners will be announced at the Opening Ceremony of the 2016 KAFC Leadership Conference on August 20, 2016 in Bowling Green Kentucky.

**DEADLINE - Applications must be received by August 1, 2016 - Visit [www.kyfa.org](http://www.kyfa.org) click our blog for a nomination form.**

Visit us: [www.kyfa.org](http://www.kyfa.org)

**LOUISVILLE** - The 63rd annual WHAS Crusade for Children totaled nearly 5.5 million dollars. Contributions go entirely to local hospitals and other agencies in the form of grants to help children with special needs.

Chief Vincent Smith of the Pleasure Ridge Park Fire Protection District said his department collected nearly \$300,000.00 “the old-fashioned, traditional way” - by going door to door in their community and collecting money along the Dixie Highway.

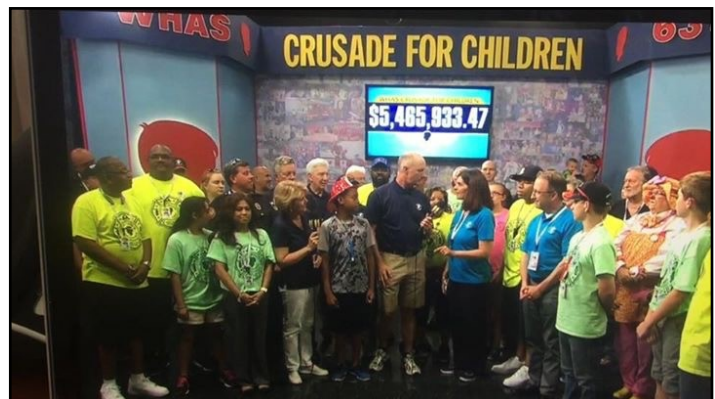

## Top 5 Kentucky Fire Departments

New Castle Vol. Fire & Rescue	\$ 311,787.63
Pleasure Ridge Park FPD	\$ 297,555.93
Fern Creek Fire Department	\$ 136,144.05
McMahan Fire Protection District	\$ 132,055.00
Highview Fire Protection District	\$ 105,491.28

Fire departments from around the Louisville region including Kentucky and Indiana took part in this years Crusade. The Crusade lasted 30 hours with fire departments collecting around 60% of the grand total. Hats off to all participating fire departments, thank you for your dedication to the Crusade for Children.

## 2016 HAZARD FIRE SCHOOL

**HAZARD** - The 2016 Hazard Fire School begins August 26th through August 28th. With more

than 20 courses being offered including Fire, Rescue, and EMS it should be a fantastic fire school.

Registration opens at 7:30 a.m. in the First Federal Center. Opening Ceremonies begin at 8:00 a.m. in the

First Federal Center on Saturday. Classes will start at 8:30 a.m. on Saturday and Sunday. A FREE picnic will be provided on Saturday evening at 6 p.m. at the Perry County Park Shelters near the big stage. Hope to see many of your there. For more information please go to [www.kyfa.org](http://www.kyfa.org) and click on the Mountain Firefighters Association logo.

## Additional Member Benefits at No Cost!

Through a partnership with American Income Life Insurance Company, additional benefits are being provided to all members of Kentucky Firefighter Association.

### BENEFITS INCLUDE

11/ 14-15	6	Middletown	888-306-8064

### Testing within the Kentucky Accredited Certification Program

All Kentucky firefighter certifications that carry IFSAC accredited credentials, require the candidate to complete both a written examination and a skill competency evaluation. The written portion of the process is usually arranged by the lead instructor of class-based certification, such as Level 1 Fire Instructor. Written exams are also available through the offices of State Fire Rescue Training, by contacting the Area Coordinator of the office nearest you. You can locate that information on our website [www.kyfa.org](http://www.kyfa.org)

Additionally, you may check with your area offices for monthly test dates for written exams. Written exams require 70% to achieve a passing grade. Exams are mostly multiple choice questions, with a few True/False and Matching questions. Exams carry a completion time limit.

Skills testing for FF 1 and 2 is a random sampling of all possible skills in each certification level. There are multiple skill possibilities at each station, however the candidate will only be required to perform 1 skill at each station. 2015 policy changes in the Kentucky process require **ten (10) skill stations** to be completed by the candidate for FF1 with 100% competency. FF2 testing will consist of **six (6) skill stations** with a required 100% competency. Hazardous Materials Operations PPE and Product Control (NFPA 472:2013 Chapters 5, 6.2 and 6.6) are required prerequisites for firefighter certification. **Four (4) Haz Mat skill stations** will be offered on the same test day as FF2 for the benefit of those needing the required certification.

Candidates are now required to test FF2 skills with Haz Mat. Candidates needing ONLY Haz Mat Operations must test following an organized course of the subject matter OR a scheduled skills test session that consists of ALL Haz Mat Operations (NFPA 472:2013 Chap 5) Ops Product Control (NFPA 472:2013 Chap 6.6) and Haz Mat PPE (NFPA 472:2013 Chap 6.2)

Testing requires the use of PPE, therefore candidates for testing are required to bring full PPE and SCBA. Each test day will expose the candidate to potential IDLH atmospheres with live-fire scenarios, therefore all candidates MUST be clean shaven to the point that facial hair does NOT come between the face piece seal and the face.

**Candidates may no longer bring a copy of Kentucky FF1, FF2 and Haz Mat Operations skill sheets and/or a copy of the IFSTA Essentials of Firefighting to the testing site.** Testing DOES NOT break for lunch, light snacks will be made available.

Due to current NFPA requirements for certification, candidates shall show competency in medical training. Candidates shall bring a copy of a current CPR-Pro card and current first aid, first responder, EMT or Paramedic certification. Failure to show proof of medical training does not prohibit the candidate from testing, just certifying.

**Visit Kentucky Accredited Firefighter Program:**

# The Yellow Dot Program

**The Kentucky Office of Highway Safety has introduced the Yellow Dot Program. This program alerts first responders at crash scenes of critical medical information that could save a life.**

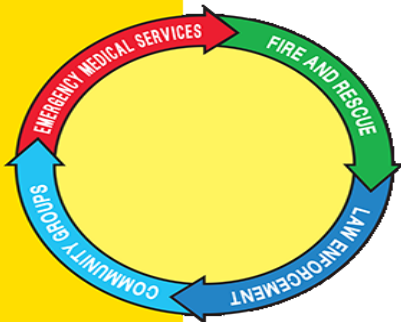

The best chance for survival following a traumatic injury occurs when the injured person is seen and treated within an hour of the event. In the moments directly following a crash, seconds count. Participants are providing important medical information that could help emergency responders make split second decisions.

## **This is how the program works....**

- The Yellow Dot decal is placed in the lower-left corner on the driver-side rear window. Make sure the glass surface is clean so the decal will adhere.
- A Yellow Dot personal information folder is placed into the glove compartment of the vehicle. The completed form should include a clear, close-up face shot picture that can be easily identified as the crash victim.
- Make sure it is on top of other papers, and readily visible to first responders.
- If there is more than one person who uses the vehicle, or if you routinely carry children in the vehicle, consider including a separate Yellow Dot folder for each regular occupant. Keep all Yellow Dot folders together in the glove compartment to make retrieval in an emergency faster.
- The form itself includes basic medical and emergency contact information, personal physician's contact information, current medical conditions, allergies and medications, and a history of recent surgeries. To help protect your identity, don't include information like credit card or social security numbers.

The program is a free service provided to all Kentucky citizens, provided through the Governor's Office of Highway Safety.

For more information, and to find a location near you that can provide copies of the form, search for Kentucky Yellow Dot on the internet.

## New Arrivals

*East Marshall Fire Department took delivery of a new fire boat manufactured by Skully's Fabrications of Morgan City La. An all aluminum custom built boat 28' 8" long and 9' wide, has a 8x8 cabin that has water tight doors, self bailing decks, with heat and air. It's powered by (2) 225HP Yamaha engines with a CET 750 GPM pump, piped in foam system, 75 gallon foam tank, and remote control nozzle. It also has a 7000 Honda generator, radar, gps, flir. The boat will run 50+ mph. Cost \$240,000*

**ABOVE:** Firefighters and the community are excited for the opening of the new East Marshall Fire Department.

*Please help support the KFA when you purchase a Kentucky Firefighter tag. Your contribution supports KFA education.*

### FREE ADMISSION For Firefighters & Police

Kings Island honors all Fire & Police personnel for protecting our community!

Kings Island will be honoring those who protect our communities August 26-28, 2016 by offering free admission to all active fire and police personnel.

A valid fire and police photo ID must be presented at Kings Island to take advantage of this offer. Fire and police badges and identification cards are accepted only if accompanied by photo ID. As all ID must reference specific fire or police duty, government-only IDs will not be accepted.

Fire and police personnel who qualify for free admission include firefighters, EMTs, uniformed police officers, state troopers, border patrol agents, investigators, evidence technicians, firearms examiners, crime lab technicians, 911 dispatchers, correction officers, hand writing examiners, intelligence analysts and investigative assistants.

The offer also allows fire and police personnel to purchase admission tickets at a special price of \$29.99 for up to six family members, a savings of \$34 off the regular front gate adult admission price.

In addition, guests can interact with emergency response teams and vehicles, take CPR classes, and learn child car seat safety tips. To learn more visit [www.visitkingsisland.com](http://www.visitkingsisland.com)

The deadline for article submissions into the September Issue is August 17, 2016.

**NOMINATION DEADLINE FOR THE MEDAL OF VALOR IS - July 31, 2016 at 11:59 p.m. ET**

The Public Safety Officer Medal of Valor is awarded, **by the President or Vice President of the United States**, to a public safety officer who has exhibited exceptional courage, extraordinary decisiveness and presence of mind, and unusual swiftness of action, regardless of his or her own

personal safety, in the attempt to save or protect human life. For the purpose of this award, a public safety officer is defined as a person serving a public agency, with or without compensation, as a firefighter, law enforcement officer, or emergency services officer.
